CLEVELAND 9, OHIO

NEW 1954 INTRODUCTIONS * GARDEN VARIETIES *

Rooted Cuttings .35 each

- LARRY**—(Ladygo) Large full heavy textured white, blooming early, and lasting through the season. Compact neat grower. 18 inches tall, blooms Sept. 15th. Excellent.
- DALE**—(Ladygo) Very prolific, four inch duplex of Bright Fuchsine Pink, showing large yellow disc; very eye catching, in arrangements. Very striking, bushy plant, 24 inches tall, and just as wide. Loads of cut flowers. Oct. 5.
- JACKIE**—(Ladygo) A bright deep carmine red, double. Erect plant 30 inches tall. Long lasting, good cutting variety. Well liked here. Blooms Oct. 5th.

SIX NEW 1954 INTRODUCTIONS, RELEASED BY DR. KRAUS

Rooted Cuttings, .50 each

- BALLERINA**—(Dr. Kraus) Fully double rosy lavender. Bun shaped when young, becoming flat when old at which time the outer petals are lighter. Bush 2 feet tall, just as wide. Masses of blooms from Sept. 20th through Oct.
- REVERIE**—(Dr. Kraus) Fully double, about 4 inches. Light Primrose yellow. Bush about 2 feet tall and just as wide. Good shade for mixed bouquets, and the border. Sept. 15th.
- WHITE RICE**—(Dr. Kraus) Fully double, bun shaped, pure white 2 inches. Petals quilled when young, opening flat. Plant 18 inches tall. Flowers borne in terminal open sprays. Early Sept. to Oct.
- CHESTNUT**—(Dr. Kraus) Reddish chestnut, double one inch pompom. High bun shaped, petals flat. Blends with the colors of Autumn foliage. Plant 1½ to 2 feet tall. Very frost resistant. Early Sept. through middle of Nov.
- PURPLE SAGE**—(Dr. Kraus) Fully double, rather flat 4 inch blooms. Tubular petals, of Orchid purple, with reverse of petals silvery lilac, imparting a light and sparkling appearance. Plant 18 to 24 inches tall. Sept. through Oct.
- SNOWSPOON**—(Dr. Kraus) A duplex, pure white with golden center. The bowls of the spoons are long and strap shaped, some not showing spoon edge. Sparkling white, very good cut, blooming early Sept. and will continue to bloom, if cut regularly.

JULIA WARD — NEW — OFFERED FOR THE FIRST TIME

Rooted Cuttings .50 each

Through the co-operation of the Elbert Wards of Jackson, Miss., we are able to offer their seedling **JULIA WARD**. This spoon Mum has won the tri-color in Mississippi for two years, since it was first shown, also the blue ribbon in the Birmingham show.

- JULIA WARD**—(E. Ward) A large spoon, the handle part is silvery, opens to a fushia color at the spoon end. It has a good even circular pattern. Firm petals. Disbudded will support 5 to the stem and attain 6 inches. Pretty in a spray for corsages, and arrangements. We believe this to be the largest and best of the spoon type to be offered to date.

NEW GARDEN VARIETIES BY DEPETRIS — 1954

.30 Each

- ARVIS**—Vivid bronze, small pompom. Good cut. Oct. 15.
BUTTERCUP—Large golden yellow Inc. bloom. Prolific. Oct. 1.

ECONOMY OFFER

We are continuing our economy offer this year. If you are able to use plants that are not labeled, we will make a special offer of 10 varieties for \$1.00 — 25 varieties for \$2.50. These are from our regular selection, listed in catalog. Name the type you would like. Garden — English — Spider — Commercial, and we will select them accordingly.

TO OUR PATRONS

It is with pleasure that we offer our 1954 price list, and we wish to express our thanks for the continued consideration you have given us in the past.

At this time we wish to extend our cordial invitation to visit our planting of Mum's. We are located south of Cleveland, in the village of Brooklyn Heights, about 1 1/2 mile north of Route 17. Our gardens are at their best during the month of October.

Because most of our orders have been for rooted cuttings, for several years, we are listing only rooted cuttings this year. Potted plants will be available at twice the price quoted for rooted cuttings.

Orders can be called for at the nursery if ordered in advance. Specify date you wish to call for them.

We try to plant our cuttings in late afternoon or after a good rain, and we have excellent results, even as late as July 20.

If on arrival, your plants should be a little dry, put them in water to cover the roots, and keep them in water until the next morning. Then either pot up and hold until your garden is ready, or plant right out if weather permits.

Our Mum stock is carefully selected from plants that were inspected, disease-free and specimen plants, in our 8 acre planting of Mum's.

Our plants are guaranteed true to name and in healthy condition. All plants proved unsatisfactory, will be replaced.

Due to increased postage rates, please enclose a charge of twenty-five cents on each order to help cover postage and packing.

No mail orders accepted for less than two dollars.
